Analysis of Students' feedback on the curriculum

Aims and Objectives of the syllabus are well defined and clear to teachers and students

The course/syllabus has good balance between theory and applications.

**The course/program of studies carries
sufficient number of optional papers**

**The course/syllabus has made me interested
in the subject area**

Analysis of Faculty feedback on curriculum

Syllabus is suitable to the course

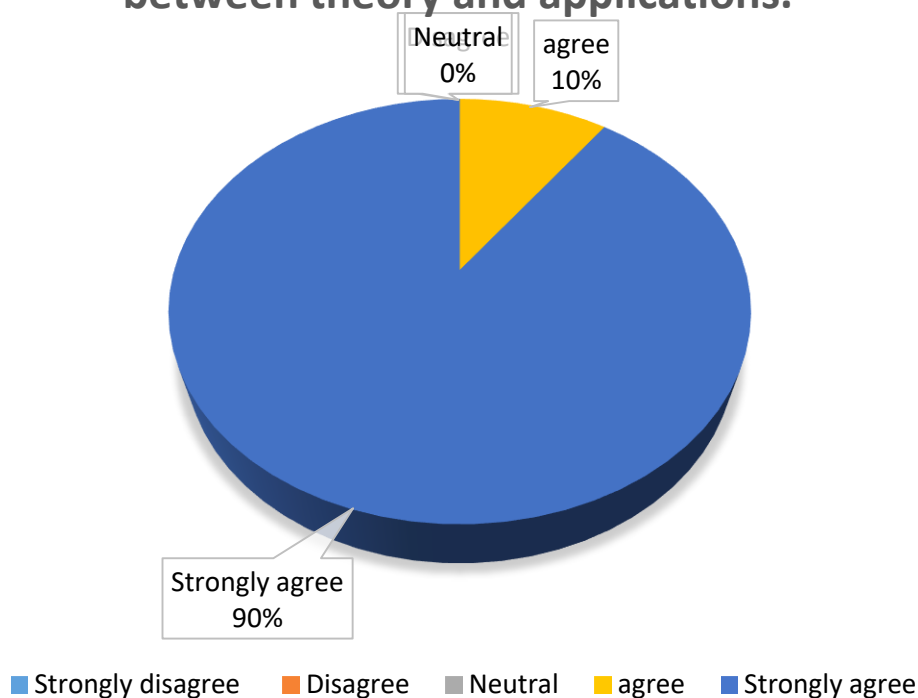

Syllabus is need based (Career and employment oriented)

Aims and Objectives of the syllabus are well defined and clear to teachers and students

The course/syllabus has good balance between theory and applications.

The course/program of studies carries sufficient number of optional papers

The course/syllabus has made me interested in the subject area

Pertinent Pointers Identified

1. Improvement required in student amenities such as drinking water, parking, and ambience.
2. Holistic personality development through structured extra-curricular activities needed.
3. Faster processing and wider coverage of scholarships and concessions required.
4. Academic support required for slow learners and students from marginalized sections.
5. Some students gave neutral feedback on the clarity of the aims and objectives of the syllabus
6. A few neutral responses indicated the need to strengthen career and employment orientation.
7. Minor feedback suggested improving the balance between theory and practical application.
8. Limited satisfaction was noted regarding the number and variety of optional papers.
9. Student interest in the subject could be further enhanced through better teaching methods.

Action Taken

1. Aims, objectives, and course outcomes were clearly explained to students at the beginning of the semester.
2. Faculty reviewed the syllabus to align topics with current career and employment needs.
3. Practical examples, case studies, and assignments were added to support theoretical concepts.
4. Existing elective papers were reviewed and gaps were identified for future introduction.
5. Interactive teaching methods such as presentations, discussions, and ICT tools were encouraged.
6. Add-on, certificate, and skill-oriented courses were introduced.
7. Student projects, field visits, and extension programs were encouraged.
8. Drinking water facilities upgraded and parking areas improved.
9. NSS, NCC, cultural, sports, and club activities were expanded.
10. Improved admissions, grievances processes.
11. Student mentoring and counselling were strengthened.
12. Environmental awareness programs were implemented.
